

THE GLEICHEN CALL

VOLUME XXXV NO. 8

GLEICHEN, ALBERTA, WEDNESDAY MAY 6, 1942

SUBSCRIPTION \$2.00 PER YEAR

LEGION MEMBERS HELP MAKE THINGS EASIER FOR SOLDIERS

Canadian fighting men, at home and abroad, are happier because of the efforts of Gleichen war veterans and the other members of the 1,200 Canadian Legion branches in every city, town and rural community of the Dominion. Lt.-Col. D. R. McIntyre, of Ottawa, general manager of Canadian Legion War Services stated in a message to Wm. Oiler, president and W. J. Phyllis, secretary of the local Legion.

The rigors of active service in the army, navy and air force have been lessened through the recreation, education, entertainment and personal services made available to the men. The assistance would not have been possible without the co-operation of the 200,000 enrolled members of the Legion branches and Legion auxiliaries of the ten provincial and four state commands.

When Canada entered the war, 300,000 men recalled, the Canadian Legion was one of the first organizations on the scene, prepared to provide huts, hotels and canteens, writing paper, sports equipment, magazines, newspapers and other conveniences for the men in the service.

The Legion pioneered education for soldiers, sailors and airmen through Canadian Legion Educational Services, the nearest approach to a unified national system of education yet achieved in this country. Technical and academic courses were given to men in Canada, Newfoundland, Jamaica and overseas, in classes or by correspondence. The educational section is headed by Lt.-Col. the Hon. Wilfred W. Bovey, of Montreal, national chairman, and Squadron Leader Andrew Moore, prominent Manitoba educationist now in Ottawa, national director.

"The individual efforts of the veterans of the last Great War and their ladies and the voluntary assistance of other citizens, have meant most to the success of our auxiliary service work," said Col. McIntyre. "Our organization is much like the Red Cross in its scope. We cover not only the cities and towns, but the rural sections as well. There is hard-earned money, we obtain hardly a person in the settled part of Canada who lives more than ten miles from a Legion branch."

He explained that quite apart from the vast program of Canadian Legion war services, of which Maj.-Gen. John A. Gunn Toronto is president, and Brig.-Gen. Alex. Ross, Yorkton, Sask., chairman of the board, the branches are individually giving magnificent help to service men out of their own resources.

VARIED ASSISTANCE

They have turned their branch club-rooms into social centres for the men. Dances, socials and parties are being arranged for them constantly. Branches are supplying ambulances, mobile canteens, cigarettes, parcels, magazines and papers, clothing, sweaters, socks, towels, comforte ditty bags, and are working in numerous other ways for the boys in uniform.

"The Canadian Legion is the parent organization and we are simply a department of the Legion formed to give direction to the Legion war effort," explained Col. McIntyre. "We work directly with the troops. In close contact with all fighting services at home and overseas."

Valuable direction has been given this work by Alex. Walker, Calgary, Dominion president of the Canadian Legion, and the national executive, and by the provincial executive officers led by the provincial presidents: S. Carl Heebert, Vermilion, Alta.; F. A. Barnard, Nainville, B. C.; Lieut.-Col. L. Baxter, O.R.E. V.D., Winnipeg; Man. F. T. Dorey, St. Stephen, New Brunswick; J. J. McIntosh, Dartmouth, N. S.; Capt. T. Mackenzie, New Liskard, Ont.; R. Melhous, M.M., Summerside, P. E. I.; H. Boyd, Montreal, Que., and W. Walker, Ontario, Sask.

OTTAWA LETTER

BY DR. F. W. GERSHAW

Free insurance against war damage will be provided by the government to cover the homes and possessions of Canadians. The maximum free property allowance provided in the Bill will be \$5000 with an additional \$500

Council Meeting Monday Cuts 1941 Mill Rate Almost in Half

At a meeting of the Town Council held Monday last when the mayor and all the councillors, except Councillor Haskayne who is ill, the by-law authorizing a mill rate for 1942 was given final reading and passed. The by-law authorizes a rate of 25 mills as compared with 49 mills in 1941. The decrease in the mill rate over 1941 was occasioned by the fact that \$5,000 of 1941 surplus was being refunded to the ratepayers. This surplus was created by the collection of old arrears of taxes and the proceeds of tax sale properties.

In 1941 the ratepayers were not assessed for the final irrigation debt payment, this being taken out of the surplus of 1940, and at the end of 1941 the town showed a deficit of over \$2,000.00.

A by-law was also passed granting a discount of 5 percent on all current municipal and school taxes paid on or before July 1st.

On account of the increased cost of operating the audit fee for the year 1942 was increased from \$150 to \$175. The eight acres of the cemetery owned by the town for the year 1942 to be used as a pasture.

Cleanup day was set for May 22nd when all properties and lanes are to be cleaned up and all rubbish, tin cans, etc., must be hauled away to the refuse ground. The town would look after all taxes, property taxes, the property owners and occupants for furniture and personal belongings. Claims over \$400 will not be paid until after the war as a general policy and then it may be necessary to spend the money on repairs and replacements.

An old automobile will yield enough scrap to make a tank cannon, 25 will build a tank.

Corporation taxes are graduated. The minimum rate is 40 per cent. The increase of corporate profits over the pre-war standard period are taxed 75 per cent.

Some post-war settlement plans have been made. Men leaving the army and entering any work that comes under the Unemployment Insurance scheme are credited with the time spent on military service since July 1, 1941, and the people of Canada pay the premiums. Employers are compelled to reinstate conscientious objectors in their former places. Discharged men who have no trade will be given vocational training and the families maintained by the state while they are taking such training. Young men whose education was interrupted will be supported while completing such courses and their tuition fees paid by the State. Discharged men who are for a time incapacitated or who are capable of or awaiting work can be paid benefits of grants of \$8 a week for a single man and \$13 a week for married men for period up to 52 weeks.

As the result of a questionnaire some 33,000 of these enlisted have asked to be allowed to farm. It is clear that help should be given to these young men and a plan has been worked out to avoid the disaster of the last Soldier Settlement Scheme. The settler must himself put up 10 per cent of the value of the land, improvements and building material. If certain conditions are met the state contributes one third of the cost of the land and buildings and a further cash grant of the cost of stock and equipment given the veteran. If the maximum costs permitted by the Bill are reached the debt must not exceed 10 per cent of the whole enterprise of any one settler. There are 70,000 farmers in Canada over 55 years of age who have no sons to carry on their farms.

The State will give assistance to the returned men who wish to enter the professions or the business life and similar tuition and help will be given to those who wish to farm. The terms of the scheme are much better than the terms of the Soldiers Settlement Act but, as we all know, the success of farming depends on many factors over which we have no control and time alone will tell of the success or failure of the venture.

MISCELLANEOUS SHOWER

A miscellaneous shower in honor of Miss G. Desjardine was given by the ladies of the community at the residence of Mrs. C. R. McIntyre last week. At an appropriate moment a beautiful decorated buggy rided high with gifts was wheeled into the hall by little Miss Gail Brown and presented to the guest of honor. The large number of beautiful gifts testified to the esteem which Miss Desjardine is held by the people of the town and district. A pleasant hour was spent over the tea cups at the conclusion of which Miss Desjardine thanked the assemblage for the gifts and extended to all a hearty invitation to visit her in her new home.

Mr. and Mrs. Dubois and family have moved from the Hardwick house to the residence owned by W. Jeffers.

ITEMS OF INTEREST OF THE TOWN AND DISTRICT

The local softball club played a double header at Meadowbrook Sunday. The Meadowbrook Club proved to be too much for the locals and won both games.

Mrs. A. F. MacCallum accompanied by her son Corp. Wm. MacCallum, R. C. A. F., have gone to Vancouver to attend the graduation exercises of Miss Freda MacCallum who graduates as nurse.

Believe it or not two fishermen, Al Wilson and Jack Lester, were seen fishing in the small pool of water at present in the irrigation lake. This happened Saturday afternoon. The boys claim the lake is the finest place they ever struck to fish.

According to a despatch from Ottawa Dr. Max Yates son of Mr. and Mrs. A. S. Yates, has passed his Medical Council examination. Dr. Yates may now practice anywhere in Canada without further examinations.

Bob Haskayne, proprietor of the Pioneer Meat Market, is at present suffering from a badly bruised head and three broken ribs. The accident happened at the slaughter house when Mr. Haskayne attempted to pull a pig out of the scalding vat. The hook he was pulling on failed to hold and as a consequence he lost his balance and crashed against a table. It was sometime after he finished his work that he discovered he had broken his ribs. And so now Bob's old friend, Miss Haskayne, is a friendly chat with him every morning in the butcher shop and hope he will soon be around again as well as a nurse.

If this happens here

You'll be glad you gave to the Red Cross

One of these days bombs may come crashing down in your neighborhood. Your house may be left in ruins. Your children may be crying feebly or your child may be crying for help. Your friends, your family, may be left homeless.

No matter what happens, you'll never regret that you gave to the Red Cross. Reach out the hand of mercy to help those crushed by grief and pain. You may be left homeless.

German Barbarity

Massacre of Civilians Carried Out in Belgium

Some Belgian officers and soldiers who have recently arrived in Great Britain have given moving details of the massacre of civilians carried out by the German troops at Ymynck during the battle of the Lys, in May, 1940.

Ymynck is a Flemish village of 1,500 inhabitants, situated on the left bank of the Lys. After several days of stubborn fighting, Ymynck fell to the Germans on the morning of May 25. Its taking cost the Germans one hundred officers and 1,500 soldiers. The resistance of the Belgians infuriated the German troops. They repressed themselves on the civil population for their heavy casualties. As soon as the village was taken, they included two priests, two women and some children, were shot against a wall near the church. A 12-year-old child who pleaded with the German soldiers for his father's life, was shot with the latter in full view of his mother.

After the massacre, the inhabitants and several civilian refugees were led into a neighborhood field, where, for 48 hours, they were given neither drink nor food, except for a few children, who were allowed water. During this time groups of people who had been driven out of their homes and there in the village, were taken off and shot. These shootings were carried out after the capitulation of the Belgian Army. Some of the unfortunate victims had to die their own graves before their execution, and some dying people were buried still alive and screaming. A total of 82 were assassinated—News From Belgium.

Queen Victoria's Reign

Incident Which Embarrassed Official

His Majesty King George VI. In Windsor Castle, during Victoria's reign, there was a suite of rooms used by the Queen's chaplain. One day the Queen's chaplain, who was on duty, happened to be in the apartment after a consultation with the chaplain when passing through the private passage which led to his study, she heard a parrot call out some words in a cross tone of voice.

"What did he say?" Victoria inquired of her minister. The minister replied, "If you please, Your Majesty I had rather not repeat it."

"But what was it?" insisted the Queen. "Something I fear Your Majesty would not like to hear," replied the minister. But the Queen demanded to know "Since Your Majesty insists," the minister replied the parrot said, "Go away you ugly old woman!" Victoria laughed heartily as she said, "Well, I am glad there is at least one voice in the kingdom which is not afraid to tell me what it thinks of me."

Cost Of The War

Has To Be Paid Mainly From Moderate To Small Incomes

The "rich" people of Canada cannot pay for the war—this is the opinion of many economists. They are not rich enough, and they are not rich enough.

Canadian Business estimates that if all personal income beyond \$10,000 a year were confiscated by the Government this drastic step would provide additional revenue equal to less than two per cent. of our total federal expenditures for the coming year. This amount would make no appreciable difference to the burden upon lower income brackets, and it would dry up an important source of support for government loans, war charities, and so on.

Large incomes in this country bear extremely heavy taxes and they may go away for the war. But in the rest of the world, as all of civilian government enterprises, must be borne by the masses of the people. These incomes range from moderate to small—because there are so many more of them—Ottawa Journal.

He Was An Optimist

Centenarian Who Invested His Money

An amusing story reaches me of a War Savings meeting in a village at which the local centurion was persuaded to come on to the platform and address the audience. His speech ran as follows:

"I be an old man of 106. I be the oldest inhabitant. I've got a tricycle and I can ride 'un as well. My young brother of 60 can't ride a tricycle but I can. I ride 'un every Saturday morning down to post office and get a saving certificate. It costs me no effort 'cause I don't want it, but because in ten years' time it will be worth more than that."—Birmingham Post.

British Rule In India

Tribute Paid To British For Manner In Which Country Has Been Governed

Sir—At a time when so many conventional writers are repeating the conventionalities on British rule in India, it is refreshing to read an informed opinion by an authority of international reputation. "Any one who has had a chance to see part of this enormous empire, and particularly the most exquisite gem of its crown, India, cannot help admiring the genial and prudent manner, the courtesy and strength, with which an Asiatic country of 365,000,000 inhabitants has been governed by England for 170 years. Colonial history can present no other case of a European nation's solving such a gigantic civilizing problem in so brilliant a manner."

Probably many readers will recall this passage, which occurs on page 262 of "Chiang Kai-shek," by Iven Ho-Hsin—Charles Honour, East Condor, N.Y.—Letter in New York Times.

Headache For Axis

United States Speeding Up Production Of Planes And Tanks

The speaker of the house of representatives, Sam Rayburn, said the United States now is making more than 3,500 planes a month and that it already has a worldwide fighting front six times as many soldiers as Germany. Pershing had with the A.E.F. after 10 months of the First Great War.

"We and our Allies can and will have two and a half times as many planes as all our enemies put together," he said. "Without divulging military secrets I can tell you that we are now turning out each day an entire trainload of tanks."

Every element of the country's war production effort "right now is either up to or ahead of the program that has been outlined."

Gardening

Try Something New

In vegetables, as in flowers, scientists have been giving us many intial in any garden. Many have been carried out in two directions; first, the introduction of vegetables unusual to most Canadians, and second, and probably more important, last improvement in those varieties that have been grown in this country for years.

Of the vegetables new to most Canadians there are several worth a trial in any garden. Many of these gardeners make it a habit to try at least one new kind each year. Full descriptions will be found in any Canadian seed catalogue.

In fact, most of the vegetables now being improved all down the line, in the subject of getting more flavour, succulence and a longer season. Spread Out Sowings Experienced gardeners spread their sowings over two or three weeks. The old habit of putting in the whole garden on a Saturday afternoon was not a good one. Many things planted too early will not do well. The best time to start is at once resulted in the feast of fresh garden peas, corn, carrots, beans, etc. Justing only a few weeks, a properly planned garden, with sowings spread out from early spring to early summer, should provide a steady supply of the freshest garden vegetables from early July until well after killing frost.

Early Grown Flowers There are gardens that fit almost any situation. For those people who have neither the time nor inclination, there are plenty of annual flowers that thrive on neglect. A little digging of the ground in late spring is all that is required. Take such things as alysium, wall marigolds, portulaca and California poppies for edging. These are little flowers that almost need themselves, crowd out weeds, do well in any location, and prefer sun and light soil. Once started, they will look after themselves.

For the centre of beds or near the back, large flowers such as callendula, nasturtium, and pansy are well suited. A good showing, and for accents make the dahlias, delphiniums, and tall marigold are advised.

For accent, especially in the evening, a few medium, carnations, monette or stocks will perfume the whole garden.

CARRYING OUT ORDERS

A restaurant owner in Washington, remonstrating that he didn't want any sugar. "You get one spoonful," the waitress explained dipping into the sugar. "Everybody gets a spoonful of sugar. That's rationing orders."

The Australian dog, or native dog, does not bark but howls mournfully in the night.

Smoke them regularly! DAILY MAIL CIGARETTES 18 FOR 20c.

A Human Calculator

Kansas Man Who Worried Faster Machines Is Dead

Arthur Pleasant Landow, 70 years old, a mathematic genius who became famous through his ability to work out intricate calculations faster than any mechanical machine could be operated, died recently at Kansas City, Kan. For 20 years he was employed by large stores to take inventory. As a test he was given a packet of invoice sheets to total and completed the work in 10 minutes. It took nine girls five hours to check the sheets. Not an error was found.

SELECTED RECIPES

KRISPIES Cream SHORTCAKE

1 1/2 cups whipping cream
1/2 cup sugar
8 marshmallows
1/2 cup chopped dates
1/2 cup chopped nut meats
1/2 cup chopped cherries (may be omitted)

3 1/2 cups oven popped rice cereal
Whip cream until stiff, reserve 3 cups. Fold heavy into remaining cream. Add marshmallows in small pieces; combined with dates, nut meats and cherries; fold into whipped cream. Roll cereal into fine crumbs; add one cup of crumbs to first mixture, stirring until thoroughly blended. Line a pan with wax paper. Sprinkle the crumbs in bottom of pan and pour in cream mixture; press down lightly with sprinkle top with remaining crumbs. Cut into squares. Serve with sweetened whipped cream and garnish with marshmallows.

Yield: Nine servings (8 x 8 inch pan).

EGG SHIPMENTS

* American eggs, shipped to England for war food, stand up under shell shock. The British Food Ministry has notified the University of California that eggs are arriving with transit losses averaging no more than normally occur in shipping within the U.S. The casualties, both from breakage and spoilage, are no more than 5.3 per cent.

BACON SHIPMENTS

Limitation In Domestic Consumption Is Necessary To Complete Contract

More than half the British requirements of 600,000,000 pounds of bacon from Canada in the year ending next October have been obtained but continued limitation in domestic consumption is necessary to ensure the complete contract is met, the Canadian bacon board said.

The board said that on April 4 a half-way mark of the 1941-42 agreement period was reached and at that time 326,000,000 pounds of bacon and pork products had been purchased for Britain.

"The favorable position with respect to the agreement at the end of the six-month period has been due to two principal factors: One, the fact that the people of Canada, are doing with less bacon and pork in order to help meet Britain's more urgent needs; and, two, the response and co-operation of the farmers of Canada to the appeal of the board to increase their shipments of hogs of the desired weights to market so as to provide more Whymper side, the principal form in which bacon is shipped to Britain," the board said. "To provide Britain with 600,000,000 pounds of bacon in the remaining six months of the agreement will require about 2,268,333 hogs.

Selling Workers

Nazis Sending All Repair Work To The Occupied Countries

"Under the non-committal treaty of 'War Trade Business Front' a remarkable army of repair organization has been established in Germany. Its purpose is to get to work on any clothing and equipment 'made here' by workers in occupied countries, thus saving German workers for home tasks.

Thousands of uniforms from the Russian front have already been distributed among Belgian factories, 20,000 pairs of worn boots have been sent to the famous Bata factories at Zlin, Czechoslovakia, leather equipment to Holland and the Balkans—London Daily Sketch.

It was a capital crime to cut down a cherry tree in an orchard under English law of the 18th century.

Red Cross Society Will Appeal For Nine Million Dollars Starting Monday

Starting on Monday May 11th, the Canadian Red Cross Society will ask the people of the Dominion to subscribe \$9,000,000 to finance the work of the Society.

The money will be used for food parcels for Canadian and British prisoners of war in Germany and Italy; comfort for the armed forces; Navy, Merchant Marine, air raid sufferers and hospital and medical supplies; disaster and emergency including assistance to Allied Red Cross Societies and Blood Donor Service. All are vital functions of the Canadian Red Cross—each in itself plays an important part in the structure of this great service for suffering humanity.

As the war spreads throughout the world the tasks of relief assigned to the Society increase until today there is no sphere of war activity that is not benefiting from the good work of this great organization.

Not only are Canadians and Britons receiving the help of the Canadian people through the Red Cross, but supplies and comforts are always being sent to the armed forces and peoples of the United Nations. For example, the Society recently raised \$750,000 to send medical and relief supplies to Russia.

The financial needs of the St. John Ambulance are also included in the budget of the Red Cross.

Shortly canvassers will call on the people of Canada to provide the \$9,000,000 so urgently required to carry on the work of the Red Cross and when they call householders and workers are asked to give generously.

carefully when planting and so save seeds and labor when thinning.

Britain is becoming concerned about her supplies of foodstuffs particularly about certain animal products: bacon, cheese and eggs, which Britain cannot supply for herself but has to import in large quantities. More and more of these foodstuffs are being sunk in transit across the ocean by submarines and other enemy action. The quantities of these particular foodstuffs available for export in the United States and Canada are less than the people of Great Britain require. The latest idea to help beleaguered Britain is for people on this continent to eat more vegetables and fruits, and so less bacon, eggs, cheese and butter and in this way to make more of these precious animal products available for Britain. This can all be done, it is suggested if farmers and city people alike will grow a Victory Vegetable Garden. Those, therefore, who grow more vegetables

are urged to put gardening emphasis on maximum nutrition, and conservation of seed, garden tools and time. A good neighbor policy is advised: share tools, dividing packets of seeds and exchanging produce. Family tastes must be considered. The following vegetables, all rich in vitamin content, will serve as a guide as to what to plant: tomatoes; lettuce; turnip greens; chard; cabbage; kale; onion; beets; carrots; potatoes; rutabaga; peas; parsnips. Rich in vitamin C, tomatoes are also a good source of vitamin A, and thiamin of the B group canned as well as fresh. Cabbage cooked or in cold slaw is also a healthy winter dish, as sauerkraut. Peas, dried green can be stored for winter use and beans when mature are a staple article of diet as well as being good white green. Since seeds

Donor, Agricultural Department
North-West Line Elevator Association

What Stem Sawdy Agals

Last January we drew the attention of our readers to a Dominion Government circular entitled "Control of Wheat Stem Sawfly". The Division of Entomology, Ottawa, has recently prepared a colored map which shows the extent of sawfly infestation in the prairie provinces. The colors on the map are very bright, but the prospect rather gloomy. Sawfly is present over an area bounded by a line extending from the international boundary approximately through Winnipeg, Kenosha, Prince Albert, Edmonton, Calgary and Cardston. Obviously this leaves a comparatively small proportion of our wheat growing area entirely free from infestation.

On the back of the sawfly map will be found a summary of the problem and brief descriptions of control measures. The following statement is made:

"Plans must be made immediately to start sawfly control on infested farms. No farmer who suffered loss in 1941 should continue farming without recognizing the problem and taking steps to reduce the loss caused by this insect."

In order to consult the sawfly map and information provided therein, farmers have only to call on grain buyers in any of the line elevators associated with the work of the Agricultural Department of the North-West Line Elevator Association. Grain buyers also have copies of the excellent bulletin, written by Dr. G. W. Farstad, to which reference was made in our January article.

For further information, write to the Dominion Entomological Laboratory at Lethbridge, Saskatchewan or to the Department of Agriculture, Edmonton, Regina or Winnipeg.

For their own table for summer use and for pickling and preserving for winter use, will certainly be performing a most patriotic act that will help the British people to stand out against the enemy; besides which the nutritionists tell us the consumption of more vegetables and fruits containing large quantities of precious vitamins will certainly tend to improve the health of young and old alike.

ITEMS OF NEWS OF GLEICHEN AND VICINITY

Born to Mr. and Mrs. Elmer Bolinger a girl.

A shipment of 3,740 pounds of waste paper was shipped from the salvage depot here last week. This proceeds from the sale of this paper will go to the local Red Cross.

Arbor Day in Gleichen passed almost unnoticed and as far as could be seen no trees were planted. The only place to observe the holiday was the bank.

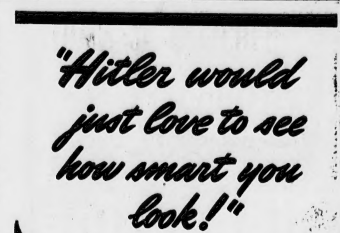

Miss R. Adams of the Bank of Commerce staff at Macleod and Miss A. Evans visited friends at Stettler and Hardisty over the week end.

Mrs. J. H. Thomas, nee Miss Helen McIntyre, and son Gary, have returned to their home in Kelowna, after spending a month visiting Mrs. Thompson's parents, Dr. and Mrs. G. R. McIntyre.

Applicants are urgently required to fill vacancies in the R.C.A.F. (Women's Division) for adjustment as clerk stenographer. The qualification are as follows: must be able to take dictation at 100 words per minute and type at 40 words a minute. All interested applicants should address inquiries to the Commanding Officer, No. 2 Recruiting Centre, R.C.A.F., Calgary.

Wm. Horn who had resided at Eventide Home for the past year died at the age of 81 years. He was born in Glasgow, Scot., and came to Canada 35 years ago, coming to Gleichen from Edinburgh. The funeral took place Friday afternoon when a number of friends and relatives were present from Lethbridge. The funeral took place at the home of the deceased.

Now that the collection of scrap paper in town has been an overwhelming success a start has been made on a more vital salvage; that of rubber. Everyone must have the old bits of rubber about the house, old tires, tubes, hot water bottles, etc., anything in the rubber line which is of

"Yes, you're smart... or are you? I thought I was smart too, back in the 20's. Then the depression came and taught me a lesson!"

"We'd be a lot smarter if we put less of our money into our own outfits and more of it into the outfits of the boys who are defending us. How? By pledging ourselves to do without so that they may have plenty to do with!"

"You want them to win, don't you? Well then, buy War Savings Stamps every week... That's how you can help them. Besides, by saving, you'll help keep prices down and have something for a rainy day. Let's be really smart!"

Buy War Savings Stamps from banks, post offices, drugists, grocers and other retail stores.

National War Finance Committee.

no use to you. Club members will call at your place to find out what you have in this line. Arrangements have been made for a truck to pick up this salvage rubber so all you have to do is put it where the driver can see it. Anyone wishing to inquire, send this page to Mr. Gilbert or Mr. Lawrence.

ST. ANDREW'S CHURCH
Sunday, May 10th,
Evening, 7 p.m.
Rev. L. T. Pearson, B. A., (Incumbent.)

SALVATION ARMY
WILL APPEAL FOR
HOME SERVICE FUNDS

"Because the Canadian Government has ruled that there can be no united campaign by the National War Service organizations this year, and further, seeing the government has decided to finance from the federal treasury only the war time work of these organizations; therefore, the Salvation Army will find it necessary to appeal to the public for funds next fall in order to carry on its regular home service program," Commissioner Benjamin Orames has announced. "This simply means we practically revert to the policy and practice which existed prior to 1941, when at the request of the government, the Salvation Army joined with the other War Service Organizations in one united campaign in raising both war and home service requirements, which was held in March 1941," the Commissioner explained.

"In these critical times the Salvation Army will continue to fit in and co-operate with the Dominion authorities to the fullest possible extent; hence, in accordance with the government's ruling, we cannot raise 1942 funds by a national campaign as we had done up to 1941. Instead we intend to conduct local appeals next fall in all those communities in Canada where our work has been carried on for many years and hope that our kind friends and supporters will give the same assistance and co-operation that they have in the past. We know they are all just as anxious to see our work continue as we are," the Commissioner concluded.

CLEAN-UP DAY

NOTICE TO PROPERTY OWNERS AND TENANTS.

All properties and lanes are to be cleaned up and all rubbish to be hauled away by the

23rd OF MAY.

The co-operation of all residents is requested.

TOWN OF GLEICHEN

LADIES! HERE'S YOUR BONUS PACKAGE!

You get 2 ROYAL Yeast Cakes FREE!

When you buy this Regular size package

Yes, it's true! You get a Bonus Package of 2 Royal Yeast Cakes FREE with every purchase of the regular size package of Royal Yeast. Two extra cakes of pure, dependable Royal—the favorite yeast of 7 out of 8 Canadian women who buy a dry yeast.

Royal is Canada's favorite because it's kept sweet and full-strength by the individual air-tight wrapper. You can depend on Royal to make tasty, even-textured, easily digested bread... free from coarse holes and doughy half-cooked spots.

For more delicious bakings every time, begin now to make your bread with pure, full-strength Royal. Remember—with every regular size package you buy, your grocer will give you a Bonus Package of 2 Royal Yeast Cakes FREE!

IMPORTANT: This special offer is good for a limited time only—order a supply of Royal Yeast Cakes today.
